

➤ **PRODUCTS** ➤ **ALUMINIUM CASES** ➤ **SL**

The SL system is a reasonably priced series of suitcases for presentation and other purposes. The system is based on 5 aluminium profiles in natural colour and with different heights, which can be combined freely with each other. (outer dimensions 37, 54, 67, 76 and 97 mm)

- Side-frames from plastic plates
- Enforced chromium-steel edges
- Chromed handle

**options:**

- Handholds, locks and edges in different versions available
- Side-frames from aluminium and plastic plates, from hard cardboard lined with foil or in a transparent finish
- Different colour-decors available
- Document panel
- Length and width freely selectable
