Indestructible and husky: The Explorer Transport Cases are designed for use under the hardest conditions. On land, on water or in the air, they offer full protection for every equipment.
For example: Measuring devices and sensors, photographic equipment, communications technology, mission critical gear and much more.

- Made by extra-thick and durable polypropylene, recyclable
- Air-seal with a manual pressure-equalizing valve
- Sand and dust-seal (IP67), pressure-seal, acid-seal
- Waterproof to 10m thanks to a neoprene seal
- Colours black, partially green or orange available

options:

- Individual colours available from up to 100 pcs.
- Safety-locks
- Tappets for panel-assembling from metal or plastic
- Different Insertion panels available
- Back carrier
